Overview

“

Technology is best when it brings people together.

AWS

Certification Training (Associate)

It's imperative to roll up your sleeves and dive into utilising AWS compute, networking, storage, and database services. The 16-week programme encompasses a wide range of topics, including AWS deployment, management services, AWS global infrastructure, security features, and much more.

- 1 CSA Introduction: One full day to get things started.
- 2 30 sessions of a guided lab lasting an hour and a half each.
- 3 12 hours of independent study each week.
- 4 A whole day of studying for the exam.
- 5 A voucher for the exam is provided, in addition to one voucher for a retake.

“

Innovation is the outcome of a habit, not a random act.

Why AWS?

WHY AWS OVER OTHER CLOUD SUPPLIERS?

"Amazon Web Services (AWS) is the world's most robust and widely used cloud platform, with over 200 fully featured services available from data centres around the world." Millions of clients, including the fastest-growing startups, largest corporations, and top government agencies, rely on AWS to reduce costs, become more nimble, and innovate more quickly."

It's no surprise that Netflix, Uber, and other companies are among its customers!

Why

Cloudreach Technology (CRT)?

Cloud is about how you do computing, not where you do computing.

CERTIFIED INSTRUCTORS BY AWS

All of our instructors have extensive expertise working in the cloud and are AWS certified.

REAL-WORLD EXPERIENCE

You will gain hands-on experience in the lab through our programme. It's not just academics!

WORKPLACE SUPPORT

Support with resumes, assistance with interviews, and mentorships, including on-the-job assistance!

HIGH PASS RATIO IN EXAM

The exam passing rate of our training partners is around 90%.

Other Details

**We're changing the world
with technology.**

LOCATION

Delivering this programme digitally makes perfect sense since it is a cloud programme! All of the sessions are practical, therefore a physical meeting shouldn't be necessary.

DATES

For upcoming dates, please visit our website or phone us to discuss.

COST

Our pricing are extremely affordable, and we offer interest-free payment plans. For prices, please visit our website or call us to talk.

WHO SHOULD ATTEND

On this programme, people who want to work in the IT industry, IT professionals, and even fresh graduates from universities are all welcome. All we need is that you have finished the CCP curriculum satisfactorily.
